

Everything you need to manage and broadcast government media online

- Give citizens convenient access to live and archived streaming through your website.
- Reduce public inquiries with searchable, self-service access online.
- Import agendas and index video live to eliminate hours of work.
- Manage and distribute unlimited meetings and events—all completely automated.
- Reach a broader audience - integrate closed captions with video.

Promote accountability and build public trust.

Transparency around public meetings is more important than ever. Citizens want to learn about policy decisions that affect their lives and see how their tax dollars are being spent. But, the burden and expense of managing this information is time consuming for government employees and can be cumbersome for citizens to find at complex government websites. What if you could automate this process and make it incredibly convenient for everyone?

The Government Transparency Suite helps agencies give access to all public meetings and important records online and creates an unprecedented level of openness. Leveraging a powerful media management solution, organizations can easily publish content at their website, link related documents, and provide keyword searching for citizens. Plus, using reports on visitor trends, agencies can quickly gauge interest in the most important issues.

Conveniently deliver media online and increase transparency.

- **Increase convenience with access any time, from anywhere.**
Citizens and staff can watch live streaming broadcasts or play archived videos through your website. Viewers can quickly jump to any topic through index points to review only the information that is important to them.
- **Maximize public access with a searchable integrated public record.**
Empower citizens to find what they need through a searchable public record on your website. All meeting audio, video, minutes, and agendas are tightly integrated together. Plus, citizens can subscribe to your agenda, or to a particular search, to get real-time notifications when new content is available.
- **Ensure ADA compliance with a closed captioning integration.**
Easily stream meetings with scrolling closed captions. Also, quickly access and publish a full transcript and even search for any word spoken on video.
- **Review and annotate paperless meeting materials on the iPad.**
Staff and elected members can review agendas and supporting documents, as well as bookmark and take notes on items, through a native iPad application.

Award-winning, proven streaming solution for local, state, and federal agencies.

- **Unparalleled streaming performance and reliability.**
Reduce the burden on IT staff by leveraging a world-class hosted infrastructure and an on-site media server, backed by a comprehensive maintenance program.
- **Unlimited bandwidth, unlimited storage, and intelligent routing.**
Store files redundantly and intelligently route media to avoid network congestion. Our proven streaming solution ensures quality, speed and reliability. Get permanent storage, backups, systems monitoring, and dedicated support.
- **Simplify media management through automation.**
Schedule events to broadcast live or record from any video source including cable, camera, VHS, or DVD. Archived files automatically transfer to internal and external distribution networks and are instantly published to the web with no additional steps.
- **Save hours of time by importing agendas & indexing in real-time.**
Import agendas and index video live during the meeting. After the meeting, produce a public record with the agenda linked to the video.
